What to wear – Sunday best dress. Guys – button down shirt and tie, at least. Suit or sport coat preferred. Ladies – dress or skirt below the knee or dress slacks and shoulders covered.

What we are doing – We arrive before the ceremony and sound check. Then we play the processional and national anthem. Then we will perform our featured selection and politely and quietly leave after that.

What we are playing – Pomp and Circumstance March No. 1, Star-Spangled Banner arranged by Jack Stamp/Arata, and "Moana."

What to bring – Instrument and music. If you are responsible for a senior's instrument, you must be responsible for getting it back home as well. Make sure you take it with you along with all of your own stuff.

Parent Pick Up – We need a parent note (e-mail is fine) to be allowed to stay. If you stay, parents are responsible for your transportation home. People not going back with us should make arrangements for instruments to be put away or turned in if they are school-owned.

This performance is the only musical performance that many people will ever see, and we want to make a great impression as representatives of our school and community. Remember that you will be "on stage" at all times before and during the ceremony. Conduct yourself in a way that reflects positively on all of us. We know you will. We're proud of you! Congratulate a senior!

But I have to study! Bring your textbook or study guide for the bus. You can even secretly put your study materials on your music stand and no one will know that you're preparing for finals during graduation.
